

LeaderPrint[®]

Forming **whole, courageous, Christ-centered leaders** to transform their spheres of influence.

The Fingerprint

Uniquely Designed

You are uniquely designed and equipped to fulfil what God has called **YOU** to do.

Your Imprint

You leave an imprint on your spheres of influence — a mark that only you can make.

Who Is LeaderPrint For?

Senior Executives

Leaders navigating high-stakes decisions while staying true to their values.

Entrepreneurs & Founders

Builders who want their ventures to reflect Kingdom purpose, not just profit.

Ministry Leaders

Those called to lead organizations where faith and mission must align daily.

i LeaderPrint is for **anyone in a leadership role** who feels challenged to live out their Christian beliefs, values, and faith in a world where profits, results, and performance are what matters — and who may even feel *compromised* at times.

These leaders experience higher levels of stress as they try to navigate apparently opposing forces within themselves. LeaderPrint exists to help you integrate your faith and your leadership — not choose between them.
